Our community is vibrant throughout the year. Wausau hosts both the summer and winter Badger State Games, is the home of a world-class kayak and canoe competition site, has the two longest/highest highspeed chairlifts in the Midwest at Granite Peak Ski Area. Nine Mile Recreation Area has over 4,900 acres to mountain bike, cross-county ski, snowmobile, snowshoe and more. Don't forget that we are also a cultural destination. Wausau's Grand Theater was named among the top 150 venues worldwide and the exhibitions at our art museums are constantly refreshing.
